ORDER

As per the Government Order read above, Government have permitted Local Governments to provide market rates as on the date of tender for bitumen and also to supply bitumen in respect of small works. Now Government are pleased to issue the following additional instructions:

1. For works, for which estimates have already been prepared and Technical Sanction accorded, the estimates need not be revised. However, after the tender is opened, the Local Governments may give tender excess limited to the difference of cost of bitumen between the rate included in the estimate and the market rate as on the date of tender. If the quoted tender excess is less than this difference, the lower amount would be provided.
2. Whenever Local Governments purchased bitumen, it shall be directly from the Public Sector Units and not from agents including authorized agents.
