KWA reported vide Letter No. D6/AMR/GEN/2018 dated 16.04.2021 that the work was tendered four times. No offers were received in the first 3 calls. In the 4th call, single offer was received from Sri. The work includes installation of pipelines along Meenchanda Mini Bye-pass road from Kalluthankadavu to Mankavu and along both sided of the road leading to Arayadathupalam from Mavoor road junction along with other works. These are very busy streets and installing pipelines even during late hours are very difficult. Also diversion of traffic is not practical as these are the main linking roads towards the Kozhikode city centre. RCC Pipe Bridge of 90m span and 4m wide is also included in this project. The approach to this bridge is difficult with limited work space. In some cases, pipe line crossings are to be done through push through methods. Hence, the whole work consists of multifaceted tasks. Considering the nature of the work, intricacies involved in executing different items of work and the number of attempts made to tender the work, the KWA Board in its 408th Meeting held on 12/02/2019 accorded sanction to award the work to the single bidder Sri. Salil Varghese for Rs.5.09 Cr., which is 14.49%

above the Tendered PAC.

Tendered PAC:Rs.4.446 Cr. (DSR-2016)
